"To be able to write stories about Diana, to add to her mythology and her, well, wonder, is and always has been a privilege. Writing Wonder Woman always feels like coming home."
–Greg Rucka

"Wonder Woman has always been profoundly important to me. Since the age of four she's been a constant companion and guiding light. Participating in her ongoing legacy is the highest honor and reward of my life. No kidding." –Nicola Scott

"Wonder Woman is more than a symbol of women's empowerment. She embodies the love, hope, tolerance, and empathy we desperately need in the world today." –Kami Garcia

"I think 12-year-old me would be pretty psyched to know I'm writing a Wonder Woman story. I am lobbying pretty hard to include an invisible plane. Fingers crossed." –Mariko Tamaki

"The chance to work on Wonder Woman is an incredible honor whenever it arises–of all DC's pantheon, and of comics icons, Diana is perhaps the most subversive, challenging, radical and inspiring. A warrior for peace who believes in radical love will always be vital and fresh, and so too she remains as stunning and unique as when she debuted decade upon decades ago. Time has only tempered and honed Diana's appeal." –Steve Orlando

In the gaslit splendor of late 19th-century New York, rage builds inside 14-year-old Daphne. While fighting to disentangle her mother from these charlatans, Daphne begins to sense a strange, insidious presence in her own body…an entity with unspeakable appetites. What does "Brother" want? And could she even stop him if she tried?

DAPHNE BYRNE UNLEASHES HER RAGE

Interview by Albert Ching

Hill House Comics, DC's horror pop-up curated by Joe Hill, continues in January with *Daphne Byrne* #1, written by comics newcomer Laura Marks (TV's *The Good Fight)* and illustrated by horror legend Kelley Jones, artist of *Batman & Dracula: Red Rain* and *Deadman*. In *Daphne Byrne*, set in 19th century New York City, a rage grows inside the 14-year-old title character–which could bring much-needed revenge following the death of her father. We talked to Marks for more on the series.

The series is called Daphne Byrne, so let's start there: What can you share about the title character and the power growing inside her?

Daphne's 14, so she's in that odd space between childhood and womanhood. She's a lonely misfit grieving for her father, who was the only person who really got her. She has tons of intellectual curiosity, which is completely inappropriate for a girl in 1886.

Most of all, she's longing for connection…which makes her easy prey for the demon who wants to be her new best friend. He unleashes her darker, bloodier impulses, and helps her find the power to express them. But how much of that was really inside her all along?

Horror encompasses many subgenres: how do you describe the horror of Daphne Byrne?

Joe Hill likes to call it "*The Omen* in petticoats." I might go with "Henry James meets *The Exorcist*." But Daphne isn't just our monster, she's also our heroine and the focus of our empathy. Daphne is an active participant–very aware of what's happening to her, and maybe even able to exploit it.

What was intriguing to you about late 19th century New York? How does the setting add to the scares?

I wanted a setting that felt repressive for young girls, to give Daphne something to push against. And I've always wanted to set something in the heyday of the Spiritualist movement. But mostly I just love the look of the late 19th century, and I wanted to see horror and ugliness in that richly textured, beautiful world, amid gaslight and candlelight.

What's it like working with genuine horror comics legend Kelley Jones on the series?

Kelley's a remarkable artist. Seeing his new pages arrive is like Christmas morning. He definitely knows how to create a horrifying spectacle that you can't look away from. But what I love most is the way he renders the emotional life of these characters. He draws Daphne in a way that lets you really connect to her and identify with her, so that the horror cuts even deeper. And this period setting allows him to go nuts with evocative detail.

How have you found the transition from writing for the stage and TV to writing for comics?

The biggest difference is that instead of having actors interpret the writing, I've got Kelley acting in every role. And he's masterful at it–which means that I can trust him to render the subtext on a character's face. TV dramas require an economy of language: you don't have the time and space to let characters yammer on for no reason, everything has to serve the whole. I've found that to be true of comics as well.

And there's great freedom in knowing that Kelley can draw anything I dream up. There's no special effects budget, no location fees…

What does it mean to you for Daphne Byrne to be part of Hill House Comics?

Joe has been incredibly generous with his encouragement and advice, and the whole team at DC has been terrific. I can't imagine a better group to guide a writer who's new to comics.
